n scott arnold argues that the most defensible version of a market socialist economic system would be unable to realize widely held socialist ideals and values in particular it would be responsible for widespread and systematic exploitation the charge of exploitation which is really a charge of injustice has typically been made against capitalist systems by socialists this book argues that it is market socialism the only remaining viable form of socialism that is systematically exploitative

this volume is about the political economy of deng xiaoping s nanxun tour of south china which was the most critical phase in china s reform and development since 1978 the first round of deng s reform resulted in high growth through the 1980s however it created a messy half reformed economy with many problems including the tiananmen incident the immediate aftermath of the tiananmen was

collapse of economic growth and reform deadlock to break out from this low level reform growth trap deng decided to launch the nanxun not just to reignite the reform but also to complete china s march towards a market economy looking back the nanxun led to the most crucial reform breakthrough which in turn sparked off a dynamic reform growth nexus for china s eventual economic take off the chapters in this volume were originally policy reports on china meant for the singapore government these reports were written based on the information available at that time and reflected the prevailing political mood each chapter is accompanied by a detailed introduction that is aimed at providing a broad background for readers to better understand the nanxun period the introduction also serves as a post evaluation of the events based on new information and shows how those events have evolved over the years in combination these chapters should piece together a reasonably realistic picture of the basic politics and economics of the crucial nanxun period

part of a series which aims to reflect the changing face of the economic climate and business world the books contain the latest information and thinking in their areas and are specifically focused to the needs of as a level and first year undergraduate students
