poor makoto sucked into wonderland through a mysterious book then body swapped with an adorable alice who happens to be a super athletic gun nut the white rabbit freaks out every time he remembers that makoto is really a boy in a girl s body while the rest of makoto s male companions keep hitting on him as secrets are shared and tangled stories become unraveled the group draws closer to the palace of the king of hearts where a magical gate awaits that will get makoto back into his own world and his own body but is that what makoto truly wants

swapping bodies might be fun for some but when 12 year old jack stevenson wakes up from a freak accident one day and finds himself in his dad s body his life abruptly becomes one huge disaster after another when he realizes that his dad will have to go to school in his place things instantly get much much worse

when unsuspecting japanese teen makoto pulls a copy of alice in wonderland off a library bookshelf his world will never be the same literally suddenly he is transported into the magical world of wonderland and even more shockingly he is now stuck in alice s body to make matters curiouser the real alice is stuck in makoto s body and neither of them are happy about the situation there s only one way to reverse the body swap and return makoto home but it won t be easy they must journey together to heart s castle and defeat the king of hearts

this book offers a wide ranging examination of acts of virtual embodiment in performance gaming applied contexts that abstract an immersant s sense of physical selfhood by instating a virtual body body part or computer generated avatar emergent immersive practices in an increasingly expanding and cross disciplinary field are coinciding with a wealth of new scientific knowledge in body ownership and self attribution a growing understanding of the way a body constructs its sense of selfhood is intersecting with the historically persistent desire to make an onto relational link between the body that knows an experience and bodies that cannot know without occupying their unique point of view the author argues that the desire to empathize with another s ineffable bodily experiences is finding new expression in contexts of particular urgency for example patients wishing to communicate their complex physical experiences to their extended networks of support in healthcare or communities placing policymakers inside vulnerable marginalized or disenfranchised virtual bodies in an attempt to prompt personal change this book is intended for students academics and practitioner researchers studying or working in the related fields of immersive theatre art making arts science and vr in applied performance practices

what is it like to perceive a virtual object through the sensed presence of a virtual body how do subject object relations occur and can be actualized in virtual environments zeynep akbal explores the impact of virtual reality vr technology on the subjective experience of the body and situates the results in context with existing theories in media sciences and the phenomenology of bodily perception this study presents vr technology as a tool that can be used to more closely examine and study the fundamental

intersections of the humanities and the natural sciences that explore the nature of perception

trapped in a labyrinth of lies alice makoto and their wonderland companions finally make it to the palace of the king of hearts only to be flung far away by the king s magic makoto and the hatter will have to fight their way back through a tangled maze of illusions set up by the devious jabberwock to make matters worse the hatter s life depends on makoto successfully solving the labyrinth meanwhile alice the white rabbit and the rest try to unravel the king of hearts secret in time to save their companions and all of wonderland in the conclusion to this body swapping fantasy

alice makoto and their wonderland companions finally make it to the palace of the king of hearts only to be flung far away by the king s magic makoto and the hatter will have to fight their way back through a tangled maze of illusions set up by the devious jabberwock to make matters worse the hatter s life depends on makoto successfully solving the labyrinth meanwhile alice the white rabbit and the rest try to unravel the king of hearts secret in time to save their companions and all of wonderland

technology has advanced significantly over the past 200 years but have ideas about gender and technology also changed over time are modern technologies gendered in this comprehensive text holly kruse explores how notions of gender and technology have been socially constructed organized historically the book provides a broad overview of global developments in technology and how these technologies have been ideologically gendered focusing on communication and media technologies and analysing an array of household and workplace devices the text examines the ways in which they have been considered feminine or masculine these associations as the text reveals often have little to do with the complexity of the technology rich with historical and contemporary examples from bicycles and washing machines to the telegraph and the computer gender and technology encourages us to take a closer look at how and why modern technologies are gendered by understanding the origins of our ideas about gender and technology we can see how they have and have not changed over time this text is essential reading for undergraduates taking courses on gender and technology and will be of interest to general readers who want to learn more about the historical relationship between gender and technology
