the international conference on informatics and management science ims 2012 will be held on november 16 19 2012 in chongqing china which is organized by chongqing normal university chongqing university shanghai jiao tong university nanyang technological university university of michigan chongqing university of arts and sciences and sponsored by national natural science foundation of china nsfc the objective of ims 2012 is to facilitate an exchange of information on best practices for the latest research advances in a range of areas informatics and management science contains over 600 contributions to suggest and inspire solutions and methods drawing from multiple disciplines including computer science communications and electrical engineering management science service science business intelligence

recent decades have seen sub saharan africa decline in both economic and human terms the rich north has responded with a barrage of well publicized initiatives from pop concerts to international commitments on debt relief aid trade and good governance among the complex of factors necessary to sustain economic and human

development education receives little media coverage although it is crucial however education must be effective this book argues that in anglophone africa education is not effective because of the use of english rather than children s first languages both as the medium of instruction and also as the language in which children are first taught to read research is presented from malawi and zambia countries with contrasting language policies using evidence from tests in english and african languages small group discussions and classroom observation the findings show that english medium policies in africa do not give students any advantage in english over first language policies while the use of english discriminates against girls and rural children the book concludes that much education in africa is a barrier rather than a bridge to learning because of the prevailing language ideology which has resulted in massive over estimation of the value of english while appropriate language policies alone will not solve education and development difficulties in africa they do have a positive contribution to make the evidence presented here suggests they are failing to make that contribution
