principles of macroeconomics ninth canadian edition breaks down concepts and emphasizes important themes for students it is the most widely used economics textbook on the market perfectly complementing instructor lessons students should expect to gain a solid understanding of economic theory through real world applications while it prepares students for advanced economics studies it also speaks to people in other fields mankiw stresses big picture ideas ensuring learners are grounded in essential economic concepts and principles

in writing this textbook mankiw has tried to put himself in the position of someone seeing economics for the first time the author s conversational writing style is superb for presenting the politics and science of economic theories to tomorrow s decision makers because mankiw wrote it for the students the book stands out among all other principle texts by intriguing students to apply an economic way of thinking in their daily lives receiving such a praise as perhaps the best ever textbook in economic

principles it is no wonder Mankiw's prize project has quickly become one of the most successful books ever to be published in the college marketplace

principles of macroeconomics 9th edition boils economics down to its essentials by considering what is truly important for students to learn in their first course in economics in keeping with the author's philosophy of showing students the power of economic tools and the importance of economic ideas this edition pays careful attention to regional and global policies and economic issues including the impacts of the contemporary macroeconomic issues inflation unemployment interest rates and monetary and fiscal policy the resource emphasises the material that students should and do find interesting about the study of the economy resulting in a focus on applications and policy and less on formal economic theory principles of macroeconomics 9th edition encourages students to make their own judgements by presenting both sides of the debate on five controversial issues facing policy makers the proper degree of policy activism in response to the business cycle the choice between rules and discretion in the conduct of monetary policy the desirability of reaching zero inflation the importance of balancing the government's budget and the need for tax reform to encourage saving premium online teaching and learning tools are available on the mindtap platform learn more about the online tools [au.cengage.com/mindtap](http://au.cengage.com/mindtap)
